EDUCATION

B.E., Information Science and Engineering - SVCE, Bangalore	2021 - 2025
12th Grade - India International Public School, Dabra	2020 - 2021

SKILLS AND ABILITIES

- **Languages:** Python, C, Javascript, HTML5, CSS3
- **Frameworks/Libraries:** Django, React, Express.js, Node.js, Tailwind, Material UI
- **Databases:** MongoDB, MySQL
- **Development Tools:** Git, Vercel, SVN
- **Problem Solving:** Solved **230+** coding challenges on **LeetCode**
- **Soft Skills:** Analytical Thinking, Fast Learning, Attention to Detail, Agile Collaboration, Critical Thinking

INTERNSHIP EXPERIENCE

MERN Stack Developer Intern - DealsDray Online Pvt. Ltd	Jan 2025 - May 2025
--	---------------------

- Developed dynamic **React.js** interfaces and **Node.js** APIs for DealsDray and Prexo.
- Collaborated with cross-functional teams (mobile, QA, design) to deliver production-ready features.
- Collaborated in testing, debugging, and deployment processes

Full Stack Developer Intern – Skadibolt Technologies Pvt. Ltd	September 2024 - Dec 2024
--	---------------------------

- Built responsive UIs using **React, HTML, CSS, JS** for PCCarePlus and Trusted Printer Guide
- Debugged application issues and conducted root cause analysis across frontend-backend layers.

PROJECTS

Chat Website ([Live Link](#))

- Developed a secure and scalable messaging platform using **React, Node.js, MongoDB, and Socket.io**.
- Implemented **JWT authentication**, session handling, and real-time communication features.
- Integrated file uploads, chat groups, and real-time status updates using Multer and cookie-parser.

Game of 21 ([Live Link](#))

- Created a browser-based game with interactive logic and dynamic UI using JavaScript.
- Added multiple gameplay modes and designed responsive front-end with adaptive difficulty logic.
- Applied modular coding practices and optimized game logic for smooth user experience.

WORKSHOPS

IEEE International Conference on Communication and Computer Science-2024 : Attended expert sessions on Mathematical Modelling for Computer Science and GPU Programming for Deep Learning organized by IEEE Computer Society, BMSCE Bangalore.

ACHIEVEMENTS

- | | |
|--|-----------|
| • Ranked 6th in Madhya Pradesh State in Abacus Competition | 2013-2016 |
|--|-----------|
